

Meeting Agenda

Location: Friggagatan 2 (At Felix's place)

Date: 2012-05-12

Time: 12:00

Facilitator: Niklas Logren

Participants: Felix Willebrand Westin, Jonathan Orrö, Niklas Andréasson

Objectives

Discuss overall structure of the program.

Reports

Tried to fix linux, didn't work out.

Menus are displaying, although not integrated in the project at the moment.

Discussion items

Should we move controller and view to the same thread?

Outcomes and assignments

Controller and View need to be in the same thread. It seems to be the only way for the controller to poll events from the view.

Wrap up

Goals for next meeting:

- Integrate menus in project.

- Fix a dynamic HUD.

- Continue work on networking.
